

Known For Toughness, Endurance And Strength Of Character

The husky arctic dog is strong and loyal. It easily pulls one and a half times its weight under exhausting conditions.

Like the sturdy working dog of the Arctic, the patented HuskyLite® bag-in-box is rugged and dependable. The box is a better solution for handling syrup bags. It's engineered to keep bags clean and protected. Produced from premium grade, high-density polyethylene, the box has strength and integrity. Split lid provides overhead cover for syrup bag. Smooth interior walls prevent tears. Unique spout-hole locks Quick Connect Device into spout notch. The box is a space saver. It will column and cross-stack and nests almost 3 to 1. The recyclable HuskyLite bag-in-box is manufactured by Rehrig Pacific, an American owned and operated company with a reputation for producing quality products for over 80 years.

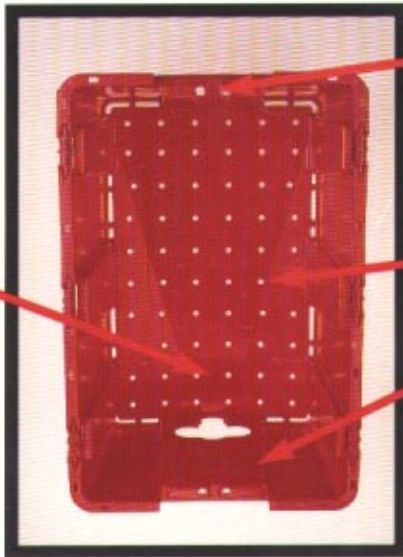

HuskyLite® Bag-In-Box

Actively Working For A Better Environment

Los Angeles, CA (800) 421-6244 • Erie, PA (800) 458-0403 • Atlanta, GA (800) 241-9693 • Raymond, NH (800) 882-7440 • Chicago, IL (800) 537-0777 • Dallas, TX (800) 426-9189

HuskyLife® Bag-In-Box

Inclined bottom flows syrup forward, enables box to work with or without rack.

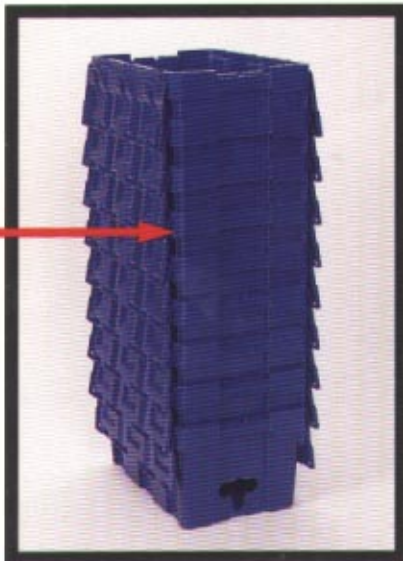

Convenient handles front and rear.

Drainage holes in bottom and along top rim make cleaning easy.

Smooth surfaces protect bag.

Nests 3 to 1. Saves backroom space. Twenty nested boxes make stack 6-feet high.

Split-lid box saves warehouse space. Box can be stacked 5 layers per pallet, 2 pallets high.

Vertical top lip allows for automatic palletizing.

Spout opening for Quick Connect Device. QCD will not fully protrude unless it hits dead center of spout-hole.

Specifications

Length	18.000 in
