

Two Proven Service Models

- Total Pallet Management (TPM) program services are exchanged for pallets: for retailers and suppliers who do not reuse whitewood pallets.
- Total Pallet Management (TPM) program with a sort charge for TPM program: suited for all retailers and suppliers.

As a total solution provider, we offer customized asset management and reverse logistics solutions that can deliver significant savings. Rehrig can provide a customized pooling program to manage and track your investments, including pallets and other dunnage. Our nationwide team of experts is ready to meet with you and plan an optimized and sustainable solution that will improve efficiency and reduce costs.

Pallet Management and Sales

With Reverse Logistics Centers (RLC) strategically located across the U.S., Rehrig is able to recycle, repair and sell nearly 1.3 million high-quality pallets per month through our relationships with some of the nation's top retailers and distributors. Our unique pooling model allows for a continuous, uninterrupted supply of pallets at extremely competitive prices.

Value-added Services

- 100% indoor storage ensuring dry, mold-free pallets.
- Electronic reporting for a real-time snapshot of your asset inventory.
- Packaging Asset Recovery Tracking System (PARTS) enables tracking of all assets in your supply chain.
- Rehrig 's shipping network helps gain efficiencies and further reduces your costs.
- Supply chain consulting provides process flow mapping, package condition analysis, shipment/load accuracy assessments and handling appraisals.
- Removal of and compensation for your recyclable materials including corrugate, shrink wrap, plastics, and certain metals.

Pallet Sales

- Competitive pricing based on your supply chain needs.
- No dwell time fees.
- No transfer fees.
- You own your pallets: No charge if they are lost or shipped out of network.
- Grade flexibility, you can upgrade if needed.
- All pallets are inspected and repaired if required.
- You get paid for your scrap pallets.
- No associated administrative costs to track inventory.
- Full-site evaluation to review your current program.
