

Features & Benefits

- Versatile multipurpose container for almost any material handling application
- Reusable container reduces product shrink, reduces total packaging costs and eliminates disposal costs associated with one-way containers
- Ergonomically designed handle reduces strain and maximizes comfort
- Folding design reduces storage capacity for empty containers
- Stacking interlock and FBA tabs coupled with cross stacking feature provides enhanced stability during transit over traditional packaging
- Strong and durable latches designed for stable handling during transportation
- Scalloped interior maximizes volume while protecting delicate product
- Enhanced ventilation improves cooling time for perishable products
- Exterior base rib structure provides continuous surface promoting seamless compatibility with automated conveyance
- **Material:** FDA approved food grade polypropylene provides the strength and durability needed for multiple applications
- **Color:** Available in standard black or other FDA approved non-heavy metal (NHM) colors. Metal detectable colors are available for compatibility with metal part detection systems
- **Decoration:** Multiple customer specific decoration combinations possible with hot stamp locations on the long wall base
- **Molded in Logos:** Customer specific decorations available on the long wall base
- **Tracking:** Optional barcode and RFID tag locations on the long wall base of the container to integrate with Vision® Technology

SPECIFICATIONS	MM/ KG	IN/ LB
Exterior Length (L)	610	24.01
Exterior Width (W)	406.5	16.01
Exterior Height (H)	221.5	8.72
Interior Length	579.7	22.83
Interior Width	376.6	14.82
Interior Height	213.9	8.42
Folded Stack Height	33.5	1.32
Weight	4.21	1.91
Fuild Retention	10 oz	
Units Per Pallet	150	
Units Per Trailer	9000
