

Fusion Duo Lift

Features & Benefits

- Industry first adjustable tine span system expands and retracts for small and large format stores
- Utilizes robust, industry standard components to transport full and half pallets from trailer to store or cooler
- Compact chassis design to maneuver through tight aisles and into coolers
- Maneuverable with a zero-turn radius and upright controls
- Quiet AC Drive System is near silent when delivering in store
- Lightweight at only 575lb with battery
- Operates like a standard electric pallet jack
- Accepted in C-stores with a lightweight 575lb lift including battery
- Fully powered drive, lift and lower, expansion and retraction
- Compatible with the Duo pallet and most full-size pallets
- Lightweight lithium ion battery lasts a full shift with tool-less quick swapping when necessary
- Customizable hood branding

Specifications	IN/LB	MM/KG
Length (L)	60	1524
