

Features & Benefits

- Innovative ratcheting lift mechanism reduces input force and promotes ergonomic lifting of heavy loads
- Corrosion resistant aluminum frame
- Replaceable wear components
- Hand carry or wheel into store/backroom
- Robust, durable, and non-marking caster wheels
- In store use only

Options

- Provides maximum maneuverability in tight spaces
- Compact for easy transportation
- Fits multiple pallet types and loose cases
- Improves safety and reduces manual labor
- Saves time by minimizing case touches
