

5-Down Imperial Swing Bar Tote

Features & Benefits

- Five crates per layer on 40" x 48" pallet with no overhang
- Three bar positions - two stacking, one nesting
- Reinforced nylon bars allow for integration into metal-free environment
- Areas located in the center of each long wall for molded-in logos or text
- Bar code or RFID sticker areas are located on each short wall
- Textured label areas on each wall aids in the clean removal of adhesive labels.
- Handles on all four walls optimize ergonomics and ease of use
- Cut-out areas on the top rim provide access to bale arms for automated handling equipment
- Well ventilated sidewalls and bottom for fast, uniform chilling when stacked
- Smooth interior is package and produce friendly eliminating snags and reducing bruising in transit
- Material: FDA approved food grade polypropylene provides the strength and durability needed for multiple applications
- Color: Available in FDA approved non-heavy metal (NHM) colors. Metal detectable colors are available for compatibility with metal part detection systems
- Decoration: Multiple customer specific decoration combinations possible with hot stamp locations on the short wall and long wall
- Tracking: Bar code labels or RFID tags
