

24 Qt. Dairy Crate - All Plastic

Features & Benefits

- Ergonomic handles allow easy handling
- Smooth internal faces to prevent damage to product
- Designed with exceptional stacking strength and stability
- Available in all-plastic or with steel rings
- Wide array of colors available; including FDA approved colors
- UV stabilizers, anti-oxidants, microbial and other additives available to extend the life of your investment
- RFID tags or barcode labels available to track crates and products
- Compatible with industry standard automation
- Universal design can be used for many SKU's – not just for use with milk bottles
- Open grid-work on all sides to allow for abundant airflow, temperature regulation, product protection, and easy cleaning
- Recessed base increase product clearance to prevent damage
- Regrind usage optimized to provide optimal strength and impact characteristics
- Branding areas on all 4 sides for customer specific branding – readily available for hot stamping and molded-in logos (pricing varies)
- Compatible with all other 24 qt. dairy crates and industry standard automation
