

End to End Supply Chain Capabilities

We work with over 12 different industries providing complete integrated solutions; including **Agriculture, Bakery, Dairy, Food Service, Retail, Ecommerce, Beverage, Wine and Spirits, Protein, Automotive and Home.**

We offer a full line of sustainably made, reusable containers including, **Pallets, RPCs, Bins, Trays, and Crates.**

With our Fusion Solutions brand of sleds and lifts we can provide delivery systems to meet any customer's size and need.

In tandem with our **Vision Software Technology**, we can track assets and provide data analytics to improve ROI.

For over a century we have been leading the way in returnable, reusable packaging. All of our products are designed to help meet our partners sustainability goals and reduce our carbon footprint. All products are 100% recyclable at the end of life and many can be made with a variety of recycled content.

Features & Benefits

Versatile

Multipurpose containers for almost any material handling application

Integrity

Superior strength to insure the quality of merchandise upon delivery

Efficient

Durable, stackable, collapsable, and ergonomic delivery options

Customize

Customized color and branding available to promote brand equity

Reusable

Reusable containers reduce packaging waste and eliminate disposal needs

Containers That Fit Your Products

Whatever your handling needs may be, Rehrig Pacific has an array of solutions to fit the needs of workers and supply chains perfectly. Choose from multiple colors, label and branding options, and tracking codes to keep your valuable assets inside the supply chain.

RPCs

Rehrig Pacific has been perfecting reusable plastic containers for decades. RPCs were designed for agriculture items such as apples and spinach to proteins such as chicken and fish. Our innovative egg crate includes a drop down side for better merchandising, ensuring cleaner, stronger and safer transportation of goods.

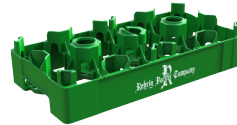

Dairy Crates & Trays

This is the item that started it all. For over 100 years, we've been leading innovation for a changing industry. Our crates and trays are FMSA Compliant and last 2.5 times longer than our competitor's.

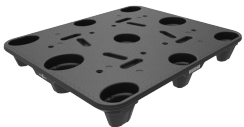

Agriculture Totes and Crates

Our engineering and design teams have relentlessly crafted products to move fresh produce from farm to fork. We offer solutions for any size operation or product including, grapes, spinach and broccoli.

Beverage Crates

As a leader in beverage delivery systems, we pioneered the creation of the castle crates in the 1980's. The industry continues to turn to us for innovative products and fully integrated solutions for their ever changing needs.

Pallets

We offer a wide range of pallets to meet any market need, including GMA, nestable and stackable options. We ensure they meet the needs of their industries offering both food-safe and fire resistant options.

Bread Trays

Designed to keep the most delicate of items safe and secure our Bread Trays have been a part of the industry since 1968. We ensure ergonomic design for easy handling and a smooth ventilated interior to keep products safe and fresh. Available in multiple sizes.

Ecommerce Totes

We have always been at the forefront as industries evolve. Our newest line of totes are engineered to be compatible with automation and conveyors. These totes are nestable, stackable and ergonomically designed for easy handling.

Fusion Solution Sleds & Lifts

Fusion® by Rehrig Pacific is a delivery solution to bring your operations into the 21st century. By rethinking everything from pallet design to the lifts that move them, we have slashed delivery times to a fraction of their former selves and have proven success at boosting driver retention and cutting down on injuries. By 75%, specifically.
