

Best in class design (95, 65 and 35 available)

Designed to withstand the rigors of today's household refuse, recyclables and organics collection program our top of the line Roll Out Cart series is backed by 10 year non-prorated warranty.

Available in 95, 65, and 35-Gallon options it meets and exceeds all ANSI type B & G container standards; Compatible with all ANSI certified Fully and Semi-Automated Lift Arm Lifters.

Constructed with high quality, resilient UV-Stabilized HDPE; Ability to include Post-Consumer Recycled (PCR) material to support your sustainability goals; Available in a wide range of colors.

100% recyclable at end of life.

A sustainable cart that
can be made with up to
50% recycled content

EG Improvement Summary

- Front lifting skirt is now internal
- Stacking height has increased to 13 per stack
- Improve stability results in reduced risk of injury, enhanced customer ergonomics and customer satisfaction.
- Texture on the front of the cart that improves gripping in fully automated application
- The stress channels in the hinge and the back of the cart that reduce damage by allowing stress to spread around vs consolidating in small corners.
- A fully captured catch bar that doesn't penetrate the cart body. This allows the cart to service any waste stream without the worry of seepage.
