

Compact and Mighty Delivery Solutions

Duo Merchandiser Sled

The new Duo Merch sled provides ultimate in-store maneuverability, making merchandising fast and easy. Grab a Duo pallet and merchandise directly from it as you go! This sled gets into the tightest of coolers and around the narrowest aisles. It's safer, faster, and easier when compared with carts and hand trucks. When done, fold it up and take it to your next stop. Providing more value to the Duo line of products and making delivery more efficient for the driver is what it is all about.

Benefits:

Saves time
by minimizing
case touches

Improves safety
and reduces
manual labor

Supports Duo Pallet
and loose cases for
enhanced versatility

Compact
for easy
transportation

Provides maximum
maneuverability in
tight spaces

Features:

- Innovative ratcheting lift mechanism reduces input force and promotes ergonomic lifting of heavy loads
- Corrosion-resistant aluminum frame
- Replaceable wear components
- Hand carry or wheel into store/backroom
- Robust and durable and non-marking wheels casters
- In-store use only
